

# Implementation Strategies

**Flavia Everman**

**Warrenton, MO**

**Scenario:** Homeschool Core Curriculum

**Purpose:** Enrichment/Gifted and Talented, Personalized Learning

**Time Spent in ALEKS:** 1.5 hours per day, 5 days per week

**Total Time Spent Per Course:** 39 hours per course

**ALEKS Course:** Trigonometry

**Overall Experience:**

So far, our ALEKS experience has been good.

**What challenges did the student face in math prior to using ALEKS?**

My son has always really liked math; he even tackled College Algebra on his own last year.

**What were you looking for in an online math tool?**

I needed a math program that could give more thorough explanations, as well as more immediate feedback regarding incorrect answers.

**What math progress has the student experienced since using ALEKS?**

My son is excited about learning more math.

**How does the student feel about his/her progress in ALEKS?**

My son enjoys seeing his progress in the ALEKS Pie Chart, and really loves learning that there are higher math courses available.
