ALEKS PROVIDES ONLINE GED MATHEMATICS PREPARATION
New ALEKS Prep for GED Mathematics Course Product Covers 100% of GED Mathematics Content

TUSTIN, CA – ALEKS Corporation, a leading provider of K-12, Higher Education, and Consumer Web-based assessment and learning solutions for mathematics, today announced the release of Prep for GED Mathematics, a new course product with 100 percent coverage of GED Mathematics content, targeted to students preparing for the mathematics portion of the GED exam. ALEKS Prep for GED Mathematics quickly and efficiently addresses the critical mathematics skills that students must master in order to successfully pass the GED Mathematics exam.

ALEKS offers adaptive assessments, personalized instruction, and dynamic reports to enable students to master fundamental mathematics skills needed for GED success.

ALEKS Prep for GED Mathematics is an Online Math Program:

- **100 % Coverage of GED Mathematics Content**
- Artificial Intelligence Targets Gaps in Individual Student Knowledge
- Personalized Assessment and Learning Focused on GED Mathematics
- Automated Reports Dynamically Track Student Progress
- Fully Bilingual – Toggle Between English and Spanish
- Unlimited Online Access – PC and Mac Compatible

ALEKS developed the new Prep for GED Mathematics course product to help adult learners become better prepared to pass the mathematics portion of the GED exam. "It is critical to ALEKS that we continually provide learning solutions that propel student success," said JP Lenney, Senior Vice President of ALEKS Corporation. "The new Prep for GED Mathematics course product offers highly-individualized instruction that targets gaps in student knowledge, creating tremendous learning momentum. Additionally, ALEKS can be accessed from virtually any computer with Internet access, providing the flexibility needed by adult learners," he added.

The new ALEKS Prep for GED Mathematics course product is ready for immediate use. For more information regarding ALEKS Prep for GED Mathematics, please visit <http://www.aleks.com> or sign-up for a free product trial by visiting http://www.aleks.com/free_trial.

About ALEKS Corporation

ALEKS Corporation is a leader in the creation of Web-based artificially intelligent educational software. ALEKS assessment and learning technologies were originally developed by a team of cognitive scientists, mathematicians, and software engineers at the University of California, Irvine, with major funding from the National Science Foundation. ALEKS is founded on groundbreaking research in mathematical cognitive science known as Knowledge Space Theory.

Through adaptive questioning, ALEKS accurately assesses a student's knowledge state, and then delivers targeted instruction on the topics a student is most ready to learn.

ALEKS has been used by millions of students in more than 50 academic subjects ranging from elementary school mathematics to Precalculus at thousands of schools and other educational institutions throughout the world. For additional information, visit <http://www.aleks.com>.
